It is warming up here too. I am missing the snow.

Would 9:30 be okay?

Genevieve,

It's warming up in St. Louis, hope the same is happening in Chicago. TGIF!!!!!! We can be there in the morning to start at 9:00 am if that is acceptable. Just let me know. It will be the same six of us as always. Jeff Everett who attended with us last time may try if his schedule permits. The agenda should be similar to the last meeting as the issues are similar, but I will get you one closer to the meeting date. Have a good weekend.

Genevieve,

The 11th is great. Who will be attending from USEPA?

Genevieve,

Each of your three proposed dates are workable for us. Do you just want to pick the morning of the 11th? Let me know?

Doug,

I hope you are keeping warm.

I wanted to connect with you on your request for a meeting included in the cover letter to your comments on the draft Title V renewal permit so it doesn't get lost in the hustle and bustle. We are currently busily working through the various comments we received but our calendars should free up some in early February. Could we plan to meet in the morning of February 10, 11, or 12?
